**Gayna River Property**  
 Figure 4 - Property Geology Map  
 Projection - NAD 83 UTM Zone 9N  
 Scale - 1:50,000  
 08/01/2008

**Legend**

- Mineralization: Mineralization
- Float: Float
- Occurrence: Occurrence
- Showing: Showing
- Contact: Contact
- Lithologic: Lithologic
- Unconformable: Unconformable
- Fault: Fault
- Major normal: Major normal
- Minor normal: Minor normal
- Fold: Fold
- Anticline: Anticline
- Monocline: Monocline
- Syncline: Syncline
- Rivers: Rivers
- Contour Line (100m): Contour Line (100m)
- Mineral Claim: Mineral Claim

|                       |      |  |
|-----------------------|------|--|
| <b>Ordovician</b>     | MK   | Mount Kindle Formation - Dolostone   |
| <b>Upper Cambrian</b> | FM   | Franklin Mountain Formation - Dolostone  |
|                       | FMRB | Red Beds - Argillaceous Dolostones and Siltstones                                |
| <b>Helikian</b>       | D    | Dabase Dykes   |
|                       | LD   | Little Dal Formation - Dolostone   |
|                       | VC   | Vargated Clastics - Argillites, Sandstones, Siltstones, Mudstones and Dolostones |
|                       | UH   | Upper Host - Dolostone   |
|                       | LH   | Lower Host - Dolostone or Limestone  |
|                       | AM   | Agillaceous Marker - Limestone or Dolostone                                      |
|                       | CN   | Chert Nodule Unit  |
|                       | SD   | Silty Dolostone  |
|                       | LL   | Limestone  |
|                       | DES  | Dead End Shale - Shales and Argillites   |
|                       | R    | Stromatolitic Reef - Limestone and Dolostone                                     |
|                       | KQ   | Katherine Group - Quartzite, Shales and Dolostone                                |
